

Dear Our Community,

We must offer more than thoughts and prayers; we must enact change to end this horrific Gun violence. With that in mind, Students Demand Action will encourage you all to gather on:

**When? \_\_\_\_\_**

**Where? \_\_\_\_\_**

**Tie an orange ribbon to the fence in remembrance of those who died  
... & those who lived.**

Let's demand action. Whether you are tying a ribbon with a specific name in your mind or a specific occurrence, the mere action stands as a reminder to each individual on our campus that we must take action.

Why an orange ribbon? In this, we remember not only the massacre which occurred just on Tuesday and not only the (#) acts of gun violence causing death in a US educational institution in (year) alone. Rather we remember every single victim of gun violence in the United States, with the massacre in (most recent act of gun violence) at the front of our minds. Furthermore, Wear Orange Weekend is June \_\_\_\_\_. Although we are not in school this weekend, SDA hopes you all wear orange and partake in the orange ribbon tying on (**date of your event**). Wearing orange demonstrates our collective action in ending the gun violence epidemic, honoring the lives lost to gun violence, and raising awareness about this public health crisis.

Text STUDENTS to 644-33. By texting, you agree to receive communications to your phone number from Everytown organizations. Msg freq varies. STOP to quit. Msg & data rates may apply. This simple text will ensure you're looped in whenever there's an opportunity to call their lawmaker or sign a petition. Follow @studentsdemandsia on Instagram, to continue to be aware. Educating yourself and others is the first step in advocating and ending the gun violence epidemic.

Sincerely,

Public Health PHC, in support of the efforts hosted by Everytown & Students Demand Action.
